SAN DIEGO - May 3, 2018 — LPL Financial Holdings Inc. (NASDAQ: LPLA) (the “Company”) today announced results for its first quarter ended March 31, 2018, reporting net income of \$94 million, or \$1.01 per share. This compares with \$48 million, or \$0.52 per share, in the first quarter of 2017 and \$64 million, or \$0.69 per share, in the prior quarter.

“We started 2018 with another quarter of business and earnings growth,” said Dan Arnold, president and CEO. “Looking ahead, our strategic priorities remain growing our core business and executing with excellence. We continue our focus on making it easier for advisors to do business with us, investing in technology, and enhancing capabilities. We believe this focus will enable our advisors’ practices to thrive and drive future growth.”

“This quarter our earnings continued to grow, nearly doubling from a year ago,” said Matt Audette, CFO. “We grew gross profit, remained disciplined on expenses, and drove operating leverage. Our share repurchases also increased from the prior quarter. Going forward, our capital allocation priorities remain investing for organic growth, taking advantage of M&A opportunities if they arise, and returning capital to shareholders.”

Additional First Quarter 2018 Financial and Business Highlights

NPH Update

- Onboarded \$36.0 billion in Total Brokerage and Advisory Assets, including \$29.9 billion in brokerage assets and \$6.2 billion in advisory assets in Q1.
- Q1 onboarding expenses were \$16 million, including \$6 million of Core G&A expense and \$10 million of promotional expense. Total onboarding expense including 2017 and Q1 2018 was \$36 million.
- Q1 financial assistance was \$53 million, including \$34 million provided as forgivable loans and \$19 million provided as cash assistance. Total financial assistance including 2017 and Q1 2018 was \$97 million.
- Finalized the purchase price of the NPH transaction at \$325 million following the onboarding of the second wave of advisors, including \$211 million of intangible assets. This increased Q1 amortization of intangible assets expense by \$3 million sequentially.

Capital Management

- The Company returned capital to shareholders totaling \$83 million in Q1 2018, translating to \$0.90 per share.
 - Deployed \$61 million of capital to repurchase 968 thousand shares at an average price of \$62.84 per share in Q1 2018.
 - Paid dividends of \$23 million on March 23, 2018.
- Capital expenditures were primarily driven by technology spend and totaled \$23 million in Q1.
- Cash available for corporate use was \$474 million as of quarter-end, and Credit Agreement Net Leverage Ratio, which only applies to the revolving credit facility, was 2.46x, down 0.35x from the prior quarter.
 - After applying \$300 million of cash available for corporate use to Credit Agreement Net Debt, this left an additional \$174 million of cash, which if applied to the debt, would further reduce the Credit Agreement Net Leverage Ratio to 2.25x.

****Non-GAAP Financial Measures**

Management believes that presenting certain non-GAAP financial measures by excluding or including certain items can be helpful to investors and analysts who may wish to use this information to analyze the Company's current performance, prospects, and valuation. Management uses this non-GAAP information internally to evaluate operating performance and in formulating the budget for future periods. Management believes that the non-GAAP financial measures and metrics discussed below are appropriate for evaluating the performance of the Company.

EPS Prior to Amortization of Intangible Assets is defined as GAAP EPS plus the per share impact of Amortization of Intangible Assets. The per share impact is calculated as Amortization of Intangible Assets expense, net of applicable tax benefit, divided by the number of shares outstanding for the applicable period. The Company presents EPS Prior to Amortization of Intangible Assets because management believes that the metric can provide investors with useful insight into the Company's core operating performance by excluding non-cash items that management does not believe impact the Company's ongoing operations. EPS Prior to Amortization of Intangible Assets is not a measure of the Company's financial performance under GAAP and should not be considered as an alternative to GAAP EPS or any other performance measure derived in accordance with GAAP. For a reconciliation of EPS Prior to Amortization of Intangible Assets to GAAP EPS, please see footnote 32 on page 21 of this release.

Gross Profit is calculated as net revenues, which were \$1,242 million for the three months ended March 31, 2018, less commission and advisory expenses and brokerage, clearing, and exchange fees, which were \$762 million and \$16 million, respectively, for the three months ended March 31, 2018. All other expense categories, including depreciation and amortization of fixed assets and amortization of intangible assets, are considered general and

administrative in nature. Because the Company's gross profit amounts do not include any depreciation and amortization expense, the Company considers its gross profit amounts to be non-GAAP financial measures that may not be comparable to those of others in its industry. Management believes that Gross Profit can provide investors with useful insight into the Company's core operating performance before indirect costs that are general and administrative in nature.

Core G&A consists of total operating expenses, which were \$1,092 million for the three months ended March 31, 2018, excluding the following expenses: commission and advisory, regulatory charges, promotional, employee share-based compensation, depreciation and amortization, amortization of intangible assets, and brokerage, clearing, and exchange. Management presents Core G&A because it believes Core G&A reflects the corporate operating expense categories over which management can generally exercise a measure of control, compared with expense items over which management either cannot exercise control, such as commission and advisory expenses, or which management views as promotional expense necessary to support advisor growth and retention including conferences and transition assistance. Core G&A is not a measure of the Company's total operating expenses as calculated in accordance with GAAP. For a reconciliation of Core G&A against the Company's total operating expenses, please see footnote 3 on page 19 of this release. The Company does not provide an outlook for its total operating expenses because it contains expense components, such as commission and advisory expenses, that are market-driven and over which the Company cannot exercise control. Accordingly a reconciliation of the Company's outlook for Core G&A to an outlook for total operating expenses cannot be made available without unreasonable effort.

EBITDA is defined as net income plus interest expense, income tax expense, depreciation, amortization and loss on extinguishment of debt. The Company presents EBITDA because management believes that it can be a useful financial metric in understanding the Company's earnings from operations. EBITDA is not a measure of the Company's financial performance under GAAP and should not be considered as an alternative to net income or any other performance measure derived in accordance with GAAP, or as an alternative to cash flows from operating activities as a measure of profitability or liquidity. In addition, the Company's EBITDA can differ significantly from EBITDA calculated by other companies, depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which companies operate, and capital investments.

Credit Agreement EBITDA is defined in, and calculated by management in accordance with, the Company's credit agreement ("Credit Agreement") as "Consolidated EBITDA," which is Consolidated Net Income (as defined in the Credit Agreement) plus interest expense, tax expense, depreciation and amortization and further adjusted to exclude certain non-cash charges and other adjustments, including unusual or non-recurring charges and gains, and to include future expected cost savings, operating expense reductions or other synergies from certain transactions, including the Company's acquisition of the broker/dealer network of National Planning Holdings, Inc. ("NPH"). The Company presents Credit Agreement EBITDA because management believes that it can be a useful financial metric in understanding the Company's debt capacity and covenant compliance under its Credit Agreement. Credit Agreement EBITDA is not a measure of the Company's financial performance under GAAP and should not be considered as an alternative to net income or any other performance measure derived in accordance with GAAP, or as an alternative to cash flows from operating activities as a measure of profitability or liquidity. In addition, the Company's Credit Agreement-defined EBITDA can differ significantly from adjusted EBITDA calculated by other companies, depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which companies operate, capital investments, and types of adjustments made by such companies.

Note on Pro Forma Calculations

This press release includes pro forma calculations, including EPS and net income prior to the impact of NPH and debt refinancing costs. 2018 pro forma amounts were calculated using a 28% effective tax rate, which is the mid-point of the Company's expected effective tax rate between 27-29% for 2018. 2017 pro forma amounts were calculated using a 39.5% effective rate, which was the Company's prior expected effective tax rate.

Forward-Looking Statements

Statements in this press release regarding the Company's future financial and operating results, outlook, growth, priorities and business strategies, including forecasts and statements relating to NPH annual run-rate EBITDA accretion, total anticipated asset transfer from NPH, future expenses, future capital allocation, as well as any other statements that are not related to present facts or current conditions or that are not purely historical, constitute forward-looking statements. These forward-looking statements are based on the Company's historical performance and its plans, estimates, and expectations as of May 3, 2018. Forward-looking statements are not guarantees that the future results, plans, intentions, or expectations expressed or implied by the Company will be achieved. Matters

subject to forward-looking statements involve known and unknown risks and uncertainties, including economic, legislative, regulatory, competitive, and other factors, which may cause actual financial or operating results, levels of activity, or the timing of events, to be materially different than those expressed or implied by forward-looking statements. Important factors that could cause or contribute to such differences include: changes in general economic and financial market conditions, including retail investor sentiment; changes in interest rates and fees payable by banks participating in the Company's cash sweep program, the Company's strategy and success in managing cash sweep program fees; changes in the growth and profitability of the Company's fee-based business; fluctuations in the value and levels of advisory and brokerage assets and the related impact on revenue; effects of competition in the financial services industry and the success of the Company in attracting and retaining financial advisors and institutions; whether the retail investors served by newly-recruited advisors choose to open accounts and/or move their respective assets to new accounts at the Company; the effect of current, pending and future legislation, regulation and regulatory actions, including changes in the retail retirement savings area and disciplinary actions imposed by federal and state securities regulators and self-regulatory organizations; the costs of settling and remediating issues related to pending or future regulatory matters or legal proceedings; changes made to the Company's offerings, services, and pricing, and the effect that such changes may have on the Company's gross profit streams and costs; execution of the Company's plans and its success in realizing the synergies, expense savings, service improvements, and/or efficiencies expected to result from its initiatives and programs, including as a result of the NPH acquisition; and the other factors set forth in Part I, "Item 1A. Risk Factors" in the Company's 2017 Annual Report on Form 10-K, as may be amended or updated in the Company's Quarterly Reports on Form 10-Q or subsequent filings with the SEC. Except as required by law, the Company specifically disclaims any obligation to update any forward-looking statements as a result of developments occurring after the date of this earnings release, even if its estimates change, and you should not rely on statements contained herein as representing the Company's views as of any date subsequent to the date of this press release.
